HEADLINE

Senior Data Scientist with 5+ years of experience in ML, NLP, and data pipelines.

SKILLS

Python, Machine Learning, TensorFlow, Deep Learning, Natural Language Processing, scikit-learn, SQL, Pandas, Docker, Git

EXPERIENCE

Senior Data Scientist | Acme Corp | March 2021 - Present

- Built end-to-end ML pipelines for product recommendation and churn prediction.
- Led a team of 3 data scientists; improved model accuracy by 18%.

Data Scientist | DataWorks India | July 2019 - February 2021

- Developed NLP models for document classification (95% accuracy).
- Reduced batch inference time by 40% via pipeline optimisation.

EDUCATION

B.Tech Computer Science | IIT Delhi | July 2015 - May 2019

- CGPA: 8.7 / 10
- Final project: Deep learning model for Hindi speech recognition.
